

## ONE DAY TEACHER TRAINING WORKSHOPS

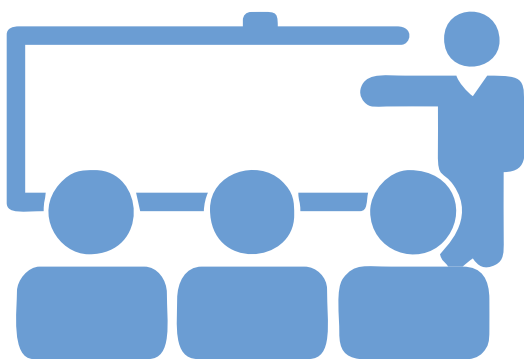

ICD offers one day Training Workshops every Saturday, for some of the most common problems faced by teachers in their daily practice of Teaching.

These trainings are conducted by resources from Cambridge and Pearson and the trainers are also certified by the University of Cambridge, UK. The training sessions are conducted at convenient times and are economical in nature so any teacher may attend.

See below a list of our workshops booked and conducted by institutions as well as individual teachers.

- Conducting lectures and seminars
- Classroom Management
- Lesson Planning
- Monitoring and Feedback in a secondary classroom
- Activities for Language Learning
- Managing and setting up small groups and practical sessions
- Language Learning and Teenage Learner
- Active Learning to Handing over responsibility to Learners
- Structuring tutorials and using different approaches to supervision
- Teaching Language Skills: Speaking and Writing
- Teaching Language Skills: Reading and Listening
- Assessment, Evaluation and Feedback
- Academic interviews and professional development
- Tutor expectations of student behavior

Customized training sessions are also conducted.
